FOREWORD

This is your 1958 Hylander. The words and pictures before you portray as best they can the events and happenings of this school year. But words and pictures alone cannot do justice to the human emotions experienced during these events. They cannot convey the joy and pride of a football team that defeated every opponent for eleven straight games. Nor can they convey the nauseating disappointment experienced when we were defeated in our twelfth and final game. They can't fully express the beauty of homecoming and the festivities at the class parties. These things must be left to your own memory.

Like most yearbooks, the Hylander has a theme. Due to the resemblance of our school to an industrial factory we will in the next few pages refer to it as "the plant". Mr. Elledge is the head of the plant, the teachers are the foremen and the graduating seniors are the finished products. The plant has four shifts (freshmen, sophomores, juniors and seniors), and so goes it.

Here and there in this yearbook we have tried to be humorous, we hope this is to your liking. All in all we, have worked hard and worried long. Here then, with our good wishes, is your 1958 Hylander.

DEDICATION ...

As teacher, advisor, and friend, she has inspired, guided, and understood us. For her friendship, for her service above and beyond the call of duty, and for all her contributions to Marion High School, we gratefully dedicate our 1958 Hylander to Mrs. Grace Elledge. We do so as a lasting mark of our deep respect and affection for her.

The Plant INSTRUCTORS

and their DEPARTMENTS

Our Plant's MATHEMATICS department

Second year Math Class with
Mrs. Kate Finley Instructing.

Miss Catherine Alley
Mrs. Edith Davis
Mrs. Kate Finley

Math is a very important subject in this age. If you would take General Math, taught by Miss Alley; first and second year Algebra, taught by Mrs. Davis and Mrs. Kate Finley; Plane and Solid Geometry, also taught by Mrs. Finley; and Miss Alley's College Algebra and Trigonometry; maybe you could figure out a way to make the U. S. satellite rise.

The Plant's ENGLISH And JOURNALISM Departments

Mr. E. L. Carter

Mrs. Grace Elledge

Mrs. Mary Frances Brown

Mrs. Eleanor Laughridge

There are poems and then there are poems. There is grammar also. Our English teachers, Mrs. Brown, Mrs. Laughridge, Mrs. Elledge and Mr. Carter wage a ceaseless battle trying to choke literature and grammar down us. Most students fight back valiantly, but still absorb a bit of Shakespeare and some puncuation rules anyway.

The Plant's LIBRARY and FOREIGN LANGUAGE department

Miss Mildred Glenn

Mrs. John Gilkey

Miss Catherine Alley

Often in the library where all should be quiet you hear someone whisper "what is the present participle of 'amo' or 'Parlez-vous Francais?" You can be sure that these are either Miss Alley's Latin pupils or Mrs. Gilkey's French students. The library is a place to study, and you are sure to find some of these students there any time you go.

The Plant's HOME ECONOMICS and INDUSTRIAL ARTS departments

Mrs. Flora Homewood

Home Ec. girls sewing. Note the chic hat on Joyce Davis.

A display of some work done by the fellows in the shop.

Mr. Bill Rogers

"One cup sugar, two cups flour," these are terms you are likely to hear passing the Home Ec. department. Mrs. Homewood not only teaches her girls to cook and sew, but also to refinish furniture, to care for children and to make the most of their looks and personality.

In the Industrial Arts department the boys construct beds, build tables and have a grand time doing it. Mr. Bill Rogers is the instructor.

The Plant's COMMERCIAL and SOCIAL STUDIES departments

First year typing students pecking away.

Mrs. Hasskamp's Social Ec. class in a heated discussion.

Typing, General Business, and Shorthand are great subjects. Typing is impossible, General Business is confusion and Shorthand looks like code. But if everyone will keep smiling June will be here soon. Mrs. Ted Freeman and Mrs. Emily Morris are commercial instructors.

The Social Studies, taught by Mrs. Hasskamp and Mrs. Laughridge, are inevitable and interesting. We grasp important dates in History while we are told that our actions are motivated by sex in Social Ec.

Mrs. Emily Morris
Mrs. Ted Freeman
Mrs. Mary Laughridge
Mrs. Harry Hasskamp

The Plant's PHYSICAL EDUCATION and DRIVERS EDUCATION departments

Coaches
Jim McFadden
Howard Wilson

Young girls improving their shapes.

Students in the Drivers' Ed. Class.

Coach
Ted Freeman

When you see a car roaring down Court House Hill in reverse you are sure to find Coach Freeman with a panic-stricken expression on his face and a car full of hot-rod happy Drivers' Ed. students. But strangely enough most of them learn and eventually get their driver's license.

Everybody has taken Phys. Ed. so we won't write much about it. It is just blood, sweat, and few tears.

The Plant's SCIENCE department

Here is a group of Marion High School scientists observing the electrolysis of water.

Mrs. Dot Lonon

Mrs. Patty Finley

Mr. Howard Wilson

Science is necessary to run a plant. In our plant there are some very interesting courses taught. For the freshmen there is General Science, taught by Mr. Wilson or Mrs. Lonon; for sophomores, Biology, taught by Mrs. Patty Finley, enables you to get a closer look at the insides of fish, worms, grasshoppers, etc. In Physics and Chemistry juniors and seniors anxiously await the day when Mrs. Lonon will turn her back and they will get a chance to blow up the building!

SENIORS

You're a senior. Your year is a tangled mess of paying out money, studying, paying out money, raising cain and paying out money. You will also be expected to pay out a good deal of money during the year. This is supposed to be your grandest year and rightly so. You will be instructed, entertained, worried over, and graduated in the short space of nine months. You should enjoy all this and probably will. You should also feel thankful for all that you have received. Mr. Elledge has estimated that we will get a return of $40.00 for every day of school we attend. You have just completed four years of a fine, liberal education. These years will not only be of value financially but will give a return in knowledge, character, and happy memories.

JUNIORS

The Junior class is composed of 72 boys, 91 girls and a couple we're not sure about. They are a fine group of youngsters and have established a remarkable record of riots, jail breaks and confusion. At the beginning of the year they were introduced to U. S. History and found that they disliked it intensely. They struggled through and have emerged from this year unscarred. They will enter school next fall as dignified Seniors. We're wondering what it is that will give them dignity by then.

SOPHOMORES

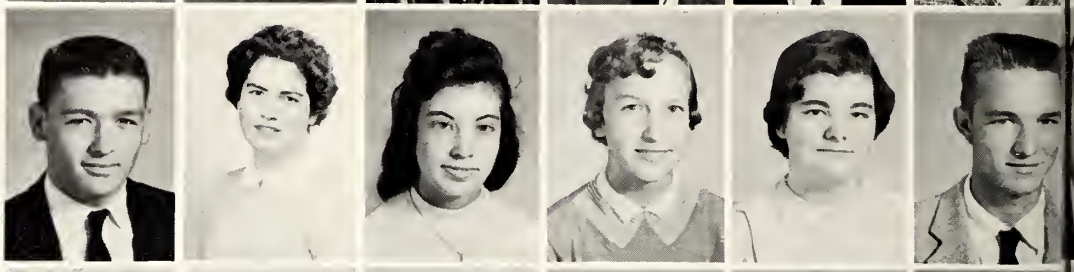

Having just completed two years of high school the Sophomores are extremely wise. They have in their storehouse of knowledge such useful facts as the words to the school fight song, the proper procedure for dissecting a worm, where Will Shakespeare was born and how to guard against Trichinosis. They are a comparatively calm group and except for some occasional griping and snorting you would hardly know that they are around. Life holds much for this sober crowd and we extend our best wishes to them.

FRESHMEN

We are the Freshmen. You can easily distinguish us by our agape expressions and our inquiring manner. We have been caught in such places as the south end of northern buildings, the boiler room and the Whirlpool. As we are beginning to learn the tricks of the trade we realize that we have a great deal to look forward to in our future years at Marion High School. We hope that we can hold together long enough to enjoy them. At any rate, we intend to give it that old 9th grade try.

Ripper's Dream

Marion 26 Taylorsville 0
The Marion Rippers started their winning streak off with a bang. Marion scored the first time they got their hands on the ball. Morgan passed to Hollifield for number one. Holden scored number two with what turned out to be the longest run of the season, 86 yards. Morgan and Burnette scored the last two.

Marion 19 Shelby 13
Morgan passed to Burnette and Goforth for the first two scores and Burnette scored in the final period to clench the game.

Marion 19 Morganton 7
In the battle between old rivals, the Ripper's scored twice in the opening period and again in the final. Holden scored number one, Morgan passed to Hollifield for number two and Morgan sprinted 67 yards for the clincher.

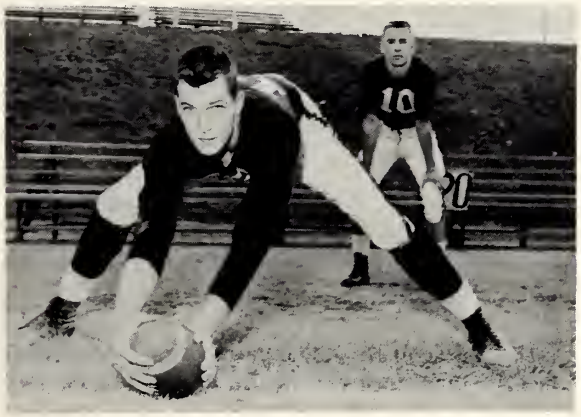

Marion 12 Hudson 0
Running into a stronger team than antispated, the Ripper's had their hands full. Although Marion scored the first time they got their hands on the ball, the Hudson Eleven fought back valiantly. Holden scored the first T. D. and Ramsey scored number two.

Marion 27 Hickory 6
The Rippers turned out one of their better performances of the season as they came back from a 6-6 half-time tie to win. Ramsey scored the first two with short plunges. Goforth raced 46 yards to another and Morgan passed to Hollifield for the final.

Marion 47 Valdese 7
The Rippers found little trouble downing the Valdese eleven with a decisive 47-7 victory. The scoring honors were even distributed. Morgan scored twice, Ramsey scored twice, with Burnette, Lewis and Patton sharing the other three.

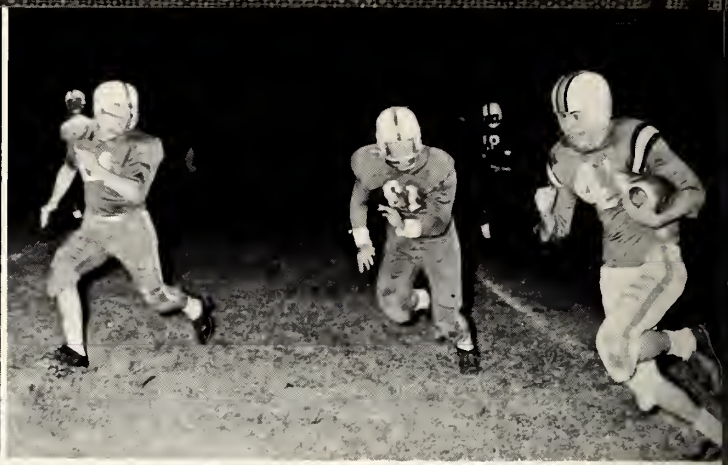

Marion 23 Lenior 0
The Bearcats started with a growl but somehow ended up with a howl. The Ripper line caught a Lenoir passer in the end zone for the first two points. Later Ramsey scored. In the second half Ramsey and Goforth raced for their 6 pointers.

Marion 28 Rutherford Central 13
The Rippers started off with a score of 6 points behind but turned up three T. D.'s in the second quarter to relieve their minds. Goforth scored the first and the last while Holden scored numbers two and three.

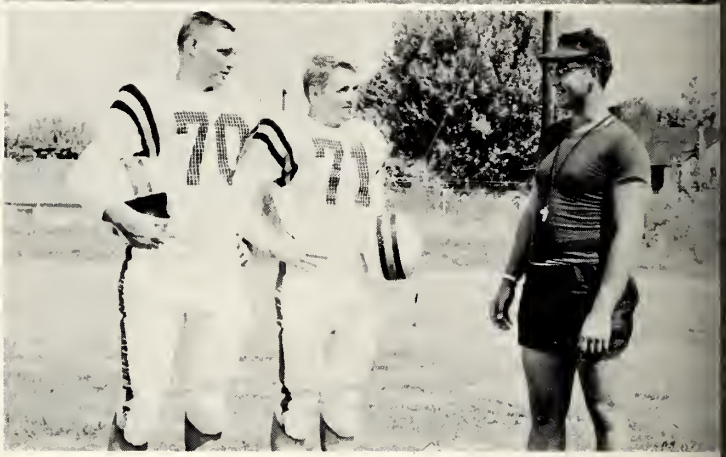

Marion 19 Wilkes Central 7
Marion passed their way to the conference championship by downing a strong Wilkes Central eleven. Morgan passed to Hollifield and Burnette in the first stanza, and again in the third to Holden to climax the regular season of play.

Marion 30 Shelby 13
Running into the Finals of the WNCAA Championship playoffs. Marion turned a fine Shelby passing attack into a runaway. Morgan and Goforth converted two Shelby passes into Marion T. D. 's Morgan ran two more touchdowns while Ramsey and Holden ran over the others. This climaxed an 11 game winning streak, and the best Ripper season ever.

BOYS' BASKETBALL

The Marion High School Rippers, coached by Mr. Ted Freeman, played their first game valiantly although they lost to the veteran five of Rutherfordton. "It was a wonder," said Coach Freeman after the game, "that Rutherfordton didn't beat us more than they did." Yes, friends, it was a wonder because the boys practiced together only two days before they went into action.

The first day they were introduced to each other by each other. The second day Coach Ted showed the boys a ball and said, "Shoot it for that little basket on that picture window." The boys, being quick to catch on to things, came through with flying colors and wound up a fine season.

GIRLS' BASKETBALL

The girls' basketball is ably coached by Mr. Howard Wilson, known by his cohorts as "Teddy Bear." This year's girls' team, with their fine coach, really went places. These places were Taylorsville, Hickory, and Dix Hill among others.

All these girls are single and unmarried. And as an after thought we think that we should mention that they won some basketball games.

Track

Sprints, laps, kneebends, laps, push ups and laps are all a part of track. The Ripper's cinder crew won the 880 relay trophy at the WNC relays last year and every boy is back this year. Five meets are scheduled for this year and the boys are expected to do well in all of them.

Spring Sports

The 1958 Ripper Baseball Team, coached by Jim McFadden is one of the strongest in the conference. The boys play well together and the team is especially blessed with a good pitching staff.
